TABLET

NoteCart Tablet 32

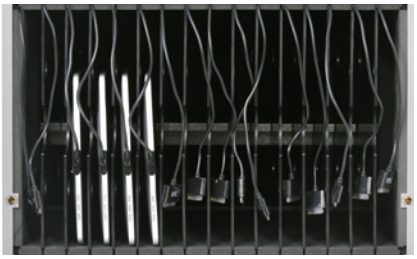
Compact NoteCart with room for 32 Tablets - and two NoteSync

Danish designed mobile cabinet for storage of tablets

High quality, design and functionality are hallmarks of the cart:

All tablets are placed vertically in protective foam in the NoteCart. This provides great flexibility with respect to tablet size, and the final solution is very compact.

- Sliding trays facilitate access and the foam insert protects the tablets
- Fitted with two Note Sync which makes it possible to charge and synchronize all 32 tablets against one master computer (please also see Note Sync datasheet)
- NoteSecure (optional) ensures the cart against theft
- Design prevents cable chaos
- Timer (optional) protects batteries against rapid wear and minimises electrical power consumption
- High quality ball bearing wheels and sturdy handles secure high mobility
- Wide range of accessories allows the cart to fulfil almost every need
- Developed in conjunction with schools for more than 12 years
- Sold in Europe for more than 12 years, reflecting quality and high functionality



Topbox does not come standard

NoteCart Simple Tablet

Compact version with room for 32 iPads, incl. 2 NoteCharge Lite

NoteCart Simple 32 Tablet stores, charges and transports up to 32 iPads

iPads are stored vertically on the protective foam and charged with the charging units accompanying the iPads. Only the charging plug is passed through the fixed partition, hereby avoiding the usual cable chaos. iPads are charged via the two NoteCharge Lite included. Each NoteCharge Lite can charge 16 iPads at a time.

The NoteCharge Lite are placed in a separate compartment, accessed from the rear of the NoteCart. The NoteCharge Lite can easily be removed from the NoteCart and used independently as a separate compact charge solution.

NoteCart Simples offer possibilities for purchasing optional functionalities, according to one's needs. Please see datasheet "Options for NoteCart Simple", e.g. NoteSecure – for theft protection, Ruko lock or Timer control of the power panel. Please also see datasheet on NoteCharge Lite.

Specifications

Height: 1080 mm
Breadth: 645 mm
Depth: 665 mm
Weight: 55 kg

Maximum Tablet size: 26 mm

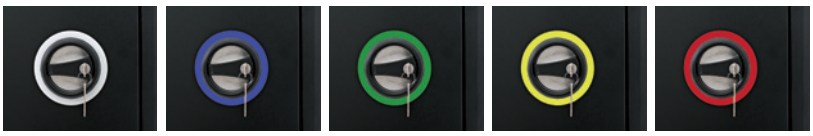
Optioner til NoteCart Simple

Farvet ring til mærkning af vogn

Varenr. KE-NCOO-RING-BLUE / GREEN / RED / WHITE / YELLOW



Når man har flere NoteCart på samme sted, kan det ofte være svært at skelne dem fra hinanden.
Derfor findes der forskellige ring-farver til NoteCart låsen, som kan angive, hvor NoteCart hører til.

Ringene købes som en option og klistres ovenpå den eksisterende ring.

RUKO lås

Varenr. KE-NCOO-RUKOKIT

NoteCart kan udstyres med en Rukolås. Der sidder en 6-stifts RUKO cylinder i.

Ring hvis andet låsesystem ønskes.

NoteSecure

Varenr. KE-NCOO-SECURE

Varenr. KE-NCOO-SECURE - SPEC (RUKO)

Varenr. KE-NCO24-SECURE

Varenr. KE-NCO24-SECURE - SPEC (RUKO)

TYVERISIKRING

NoteSecure er et stærk beslag, som monteres direkte på en væg. Beslaget fastgøres med 4 stærke bolte og placerer vognen med døren mod væggen.
To bolte bliver skubbet ind i vognen og låses med en sikker lås.
Tilbydes også med RUKO cylinder.

Integreret timer

Varenr. KE3-NCOO-TIMER

Der kan installeres en timer i vognen, som sikrer at både strømtilslutning og opladning sker på en intelligent måde. Det sikrer længst mulig levetid for de bærbare computers batterier.

Blændplade til timer

Varenr. KE5-NCO12-BP-TIM

Varenr. KE5-NCO116-BP-TIM

Enkel løsning hvis man ønsker timer monteret i NoteCart.
OBS. Timer medfølger ikke i part no.

Options for NoteCart

Serviceblade

Varenr. KE5-NC012-SERBLA / Varenr. KE5-NC016-SERBLA / Varenr. KE5-NC024-SERBLA

Serviceblade in NoteCart is to be placed in a vertical space in the vehicle, and locked with a key. This prevents unintended access. With a Serviceblade it is possible to add several newfunctions to your NoteCart:

- Wireless Internet
- nternal wiring and a switch - simplifying software maintenance of the portable computers
- Timer

Power connectors

Varenr. KE3-NCOO-ELSER-SC

With two power connectors as part of the serviceblade there will be easy power connection for a switch, AP or like options.

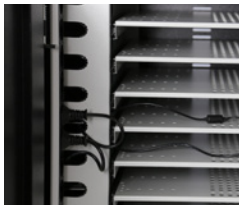
Internal PDS wiring

Varenr. KE3-NCO12-PDS2 / Varenr. KE3-NCO16-PDS2 / Varenr. KE3-NCO24-PDS2

With internal wiring and a switch in NoteCart software maintenance of the laptop computers is simplified
The laptops can now get updated software, just like the desktops, using well-known technologies such as Wake-on-Lan and solutions for software distribution.
Even with the choice of internal wiring the many cables are under control since NoteCart is designed for internal wiring. It provides greater security and no hassle with multiple cables. Internal wiring requires a Serviceblade

Cover plate for power supplies

Varenr. KE2-NCO12-COVER / Varenr. KE2-NCO16-COVER / Varenr. KE2-NCO24-COVER



A cover plate on the sides of the NoteCart ensures that the power supplies cannot be removed.

Integrated Timer

Varenr. KE3-NCOO-TIMER

A timer can be installed in the Notecart, and thus ensure that connection to the electric power supply as well as charging is done in an intelligent way. This ensures maximum durability of the laptop batteries.

Blanking plate for Timer

Varenr. KE5-NCO12-BP-TIM
Varenr. KE5-NCO116-BP-TIM
Varenr. KE5-NCO24-BP-TIM

Simple solution if Timer installed in NoteCart is desired. Please note that Timer is not included in Part no.

Gisselfeldvej 12A // DK-4690 Haslev // Tel. +45 70 250 580 // info@leba-innovation.com // note-locker.com // note-cart.com

Options for NoteCart

Projector- / printshelf

Varenr. KE3-NCOO-PRINTSHELF

A shelf designed specifically for carrying a printer or a projector shelf can be obtained. The shelf is fully extendable, so that the projector can be used directly in NoteCart. When the shelf is used for a printer it should be placed at the bottom.

Storagebox - SINGLE /DOUBLE

Varenr. KE3-NCOO-BOX1
Varenr. KE3-NCOO-BOX2

The storage box adds an enclosure space in the vehicle for cables, mouse etc. The box is available in two heights and takes up the space of two or three shelves, respectively.

Docking solution for each shelf

Docking solution on each shelf. Power supply, and LAN eventually, are connected automatically when the laptop is put in place on the shelf.
PLEASE CALL US FOR PRICE AND PART NO.

Plinth

Varenr. KE-NCOO-SOK
Varenr. KE-NCO24-SOK

NoteCart can be used as a stationary unit if desired. The wheels are then disassembled and a plinth installed instead.

NoteSecure

Varenr. KE-NCOO-SECURE
Varenr. KE-NCOO-SECURE - SPEC (RUKO)
Varenr. KE-NCO24-SECURE
Varenr. KE-NCO24-SECURE - SPEC (RUKO)

Theft-insurance
Note Secure is a strong bracket mounted directly on a wall. The bracket is attached with 4 strong bolts and places the vehicle with the front door against the wall. Two bolts are pushed into the carriage and locked with a secure lock. Also available with RUKO cylinder.

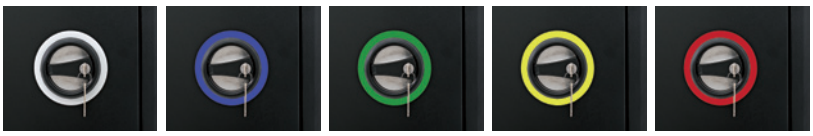
LEBA innovation

Gisselfeldvej 12A // DK-4690 Haslev // Tel. +45 70 250 580 // info@leba-innovation.com // note-locker.com // note-cart.com

Options for NoteCart

Coloured round labels for door

Varenr. KE-NCOO-RING-BLUE / GREEN / RED / WHITE / YELLOW



With more than NoteCart in the same place they can be difficult to distinguish from one another. Therefore, different ring colors are available as an option for the NoteCart lock to be pasted on top of the existing ring to indicate where the NoteCart belongs.

Transparent door

Varenr. KE2-NC012-DR-TR
Varenr. KE2-NC016-DR-TR
Varenr. KE2-NC024-DR-TR

A transparent door allows for easy check of laptops and charge status without opening the door.

Topbox

Varenr. KE4-NCOO-TOPBOX

The TopBox is mounted on top of the noteCart, and thereby provides a facility to accommodate various cables, mouse, projector, teacher PC, etc. The box lid is provided with gas springs and lock. (ONLY to be supplied for NoteCart 12 and 16)

Extra power panel for TopBox

Varenr. KE4-NCOO-TOP-4W-SC

4-outlet power panel for mounting in TopBox

RUKO lock

Varenr. KE-NCOO-RUKOKIT

NoteCart can be equipped with a Ruko-lock, having a 6-pin RUKO cylinder.
Please call us if any other locking system is desired.

When NoteCart has been used for some time, some users typically experience a number of needs that might not have been anticipated when the NoteCart was acquired. NoteCart can be optimised and adapted accordingly, as new needs arise.

For example should one choose to replace laptops for iPads then NoteCart can be converted to hold iPads instead (2 on each shelf), and an additional power panel is added enabling charge of all units. One option can also be to install NoteSync (synchronization and charging for iPads) – please see more about these products on the NoteSync datasheet, and/or contact us for more questions, prices etc..
